Year 4 'Fab Science' Workshop

Dear Parent/Carers,

As our Learning Journey topic this half term is 'Dem Bones, Dem Bones', the children will be learning about the human body, particularly the digestive system. During the workshop, the children will take part in a hands-on demonstration of how food travels through the digestive system. They will explore enzymes and how they help break down food. They will discuss different foods and learn about the importance of a balanced diet.

Details are as follows:

Date: 14/05/25

Place: Upper School Hall.

Cost: A contribution of **£5.50** is necessary to cover the cost of the workshop.
Unfortunately, without sufficient uptake, the sessions will not take place.

Please sign into **Arbor** to give permission and to make the payment.

We would like to make you aware if your child is absent from school on the day a refund may not be possible as we must book in advance.

Thank you for your support.

Yours sincerely,

The Year 4 Team
