

Dear Parents/Carers,

Year 4 – Young V&A museum

As part of our Design and Technology and Science learning in Year 4 this term, we will be visiting the Young V&A Museum. In DT, the children will be designing and creating their own toy with an electrical circuit, and in Science, they will be learning how to build and investigate simple electrical circuits.

This visit is a wonderful opportunity for the children to explore how toys are designed and made, and to see real examples of creativity, design, and innovation. It will help bring their classroom learning to life, inspire their own ideas, and deepen their understanding of how electrical components can be used in everyday objects.

We are looking for a parent volunteers to support us on this trip. Parent volunteers play an important role in helping us supervise the children and ensure the visit runs smoothly. If you are available and would be willing to volunteer, please let the class teacher know as soon as possible. Thank you for your support.

Details are as follows:

Dates: 4B: Monday 23rd March
4O + 4E: Wednesday 25th March

Place: Young V&A Museum

Transport Bus and train

Lunch Lunch will be provided by the school.

Cost: Free

Please give permission for your child to attend on Arbor.

Yours sincerely,

Year 4 Team
