## Year 2 – Learning Journey

Dear Parents/ Carers,

The children in Year 2 will be studying 'Reduce, Reuse, Recycle' as their Learning Journey topic after the Easter holiday. To support their learning, they will be using recycled materials and turning them into sculptures in Art and a dog blanket in D.T.

In order for the children to make these items, we are requesting that each child brings in one piece of **clean, unwanted** clothing e.g a t-shirt, plus a **clean and washed** recycling item e.g a milk bottle/cardboard boxes.

We will require these as soon as possible after the Easter break. **Please be aware that you will not be receiving the unwanted clothing back as it will be used within the blanket.**

If you have any questions, please see your child's class teacher.

Thank you,  
Year 2 Team
