

Woodpecker Hall Academy Learning Web: Year 1 Summer 1

Inspiring Awe and Wonder:

Planting beans and recording growth/ Planting around school grounds.

Key Dates:

4th May – Bank Holiday, Myddelton Gardens Trip – Date to be confirmed
Inset day – 22nd May

Maths

This half term the children will continue to work on numbers up to 100 by revisiting adding and subtracting 1- and 2-digit numbers. Using these skills they will develop their problem solving skills to solve missing number questions and use the vocabulary more than, less than and equal to. They will learn explore counting in 5 and consolidate counting in 2s and 10s.

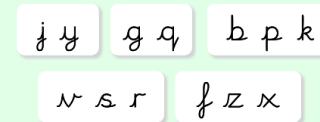

English

Poetry – Shape poems based on favourite fruit and vegetables.
Fiction – Supertato – To write a Hero/Villain story based on Supertato defeating a villain.

Non-Fiction – Newspaper report writing including an introduction and paragraphs (who, what, when, where why)

Spelling – words using ‘ai’ ‘oi’ ‘ay’ ‘oy’
High frequency words ‘made’, ‘came’, ‘make’, ‘have’, ‘here’, ‘were’, ‘some’

Handwriting - tricky letters (f, z, x, j, y, g) and capital letters

Music

This term, the children will continue to build a repertoire of songs whilst using percussion instruments. The children will also take part in a Junk Shop Orchestra workshop.

Spanish

This half term, the children will learn the names of fruit and vegetables, in Spanish. Whilst recalling prior learning of counting, they will learn to use plural forms of nouns. For example, apples and bananas.

Physical Education

Games - Striking a Ball

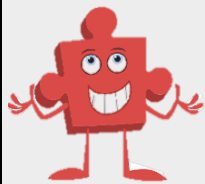

The children will learn how to hold and use a racket. They will practise identifying a target and understand the need for accuracy. Through games, they will develop their rolling and retrieval skills.

D&T

The children will conduct a survey to assess the most popular fruit in Nursery. They will then design a healthy snack to make and evaluate. They will also develop their cutting skills and learn how to cut food safely.

PHSE & P4C: People Who Help Us

The children will be discussing people who can help them within their community. They will also discuss the importance of family and the different types of family there are in our community.

Dance – The Mystery Toy Box

In dance, they will respond, perform and link movements to a stimulus. They will use language associated with movement before performing and evaluating their performance.

Art

This half term the children will explore and take inspiration from Andy Goldsworthy. They will design and make their own sculpture using a variety of resources such as paper, clay, sticks and leaves.

Computing

The children will learn to give and follow simple directions using the vocabulary: right, left, forwards, backwards, turn and move. They will use these skills to programme a route using BeeBots.

Science

The children will be learning all about plants. They will plant their own bean and record their growth over the term while also comparing and sorting leaves from evergreen and deciduous trees.
